TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**

MULTIGIG Daughter Card Connectors

**Description of Changes**

Dear Customer, because of our continuous effort to improve our process, we hereby inform you about a replacement duplicate stamping tool for the contacts used in the listed part numbers. The validation for this new tool is executed by following a strict procedure, which mitigates risk of negative influence on quality and ability to supply. This is not a Form, Fit, or Function change. An internal release based on our specifications will be executed before any parts are delivered. There is no last date for mix shipment because we will not mix contacts stamped on the old tool die and new tool die in the assemblies. There is no last date for mix shipment because we do not want to mix the contacts in the assemblies from the old die and new die.

**Reason for Changes:**

Product improvement.Tool Duplication. Current tool has increasing maintenance requirements and durability issues because of tool age. New tool is needed for efficient continued production.
