**Only connects what is supposed to be connected:
the right connection at the right place.**

Coding elements and locking devices clearly assign connecting elements during the manufacturing process and operation

The coding elements and locking devices are inserted prior to assembly or during the cable assembly phase.

The Weidmüller alternative: configure online using the variant configurator to precode prior to delivery.

Incorrect assembly on the circuit board and incorrect plugging of connecting elements is no longer possible.

The advantage: no troubleshooting during manufacture and no operational errors by the user.

General ordering data

Type	SLA KO
Order No.	1323560000
Version	PCB plug-in connector, Accessories, Coding element, White, No. of poles: 1
GTIN (EAN)	4008190428389
Qty.	100 pc(s).
Product data	UL:
Packaging	Box
