TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

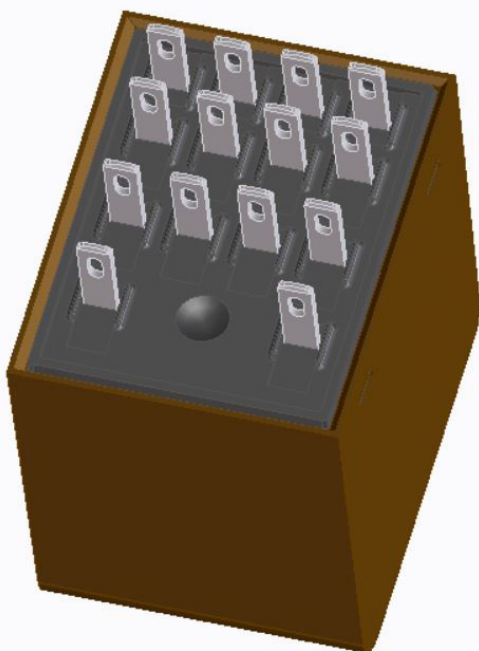

General Product Description:

Modification PT relay base

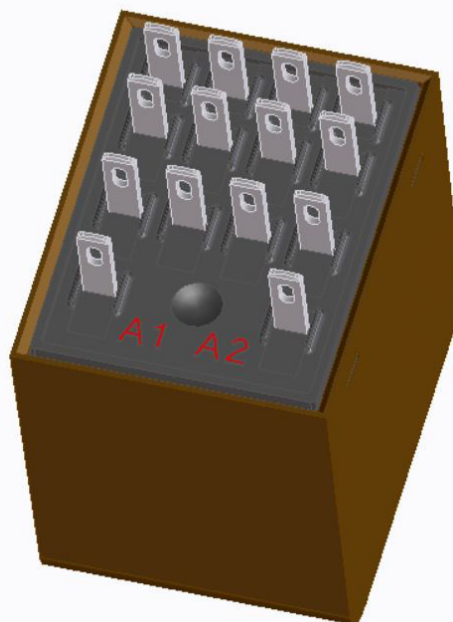

Description of Changes

At the bottom of the relay base coil pin indicators were added, see red marked area. These indicators were added in the mold of the base and will protrude a maximum of 0.2mm. The modifications do not have any influence of the specification or behavior of the relay.

Current Base

New Base

Reason for Changes:

Product Improvement. This modification can help customers to identify the correct coil pins. Especially at coils with a protection diode the customers can assign the correct polarity.
