

product type designation

Antenna ANT793-8DP

ANT793-8DP IWLAN antenna with strong directional effect incl. N-female plug: 13/13.5 dBi; IP66/67; (-40-+80 °C); 4.9-5.35 GHz; Wi-Fi compliance and observe national approvals! Mounting on wall or mast; Compact instructions as hard copy German/English; scope of delivery: 1x ANT793-8DP, 1x mounting aid for alignment

product brand name	SCALANCE
Technical Product Detail Page	https://l.siemens.com/1P6GK5793-8DP00-0AA0
radio frequencies	
type of wireless network / is supported	WLAN
operating frequency	4.9 ... 5.35 GHz
<ul style="list-style-type: none"> for WLAN in 5 GHz frequency band 1 	4.9 ... 5.35 GHz
electrical data	
antenna gain compared to spherical radiator	13.5 dB
<ul style="list-style-type: none"> of the WLAN antenna / in the 5 GHz frequency band 	13.5 dB
impedance	50 Ω
polarization	Linear Vertical
radiation characteristic	directional
standing wave ratio (VSWR) / maximum	1.5
radiating angle of the antenna	40°
<ul style="list-style-type: none"> in the 5 GHz frequency band / horizontal in the 5 GHz frequency band / vertical 	35°
number of electrical connections / of the antenna	1
type of electrical connection / of the antenna	N-Connector
design of plug-in connection	female
angle of inclination / downward / maximum	0°
front-to-back ratio	20 dB
mechanical data	
material	Lexan EXL 9330
<ul style="list-style-type: none"> of outer shell 	Lexan EXL 9330
ambient conditions	
ambient temperature	-40 ... +80 °C
<ul style="list-style-type: none"> during operation during storage during transport 	-40 ... +80 °C
protection class IP	IP66/67
wind load / maximum	15 N; frontal at 160 km/h
design, dimensions and weights	
width	80 mm
height	101 mm
depth	35 mm
net weight	110 g
fastening method	Yes
<ul style="list-style-type: none"> mast mounting 	Yes

<ul style="list-style-type: none"> • wall mounting 	Yes
<ul style="list-style-type: none"> • roof mounting 	No
<ul style="list-style-type: none"> • directly on the device 	No
product features, product functions, product components / general	
product feature / silicon-free	Yes
standards, specifications, approvals	
certificate of suitability	
<ul style="list-style-type: none"> • RoHS conformity 	Yes
<ul style="list-style-type: none"> • railway application in accordance with EN 50155 	Yes
<ul style="list-style-type: none"> • fire protection in accordance with EN 45545-2 	Yes
product conformity	UL 94-V0
wireless approval	Current national approvals can be found on the Internet under www.siemens.com/funkzulassungen

security information	
security information	Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement - and continuously maintain - a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry . Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7)
