

**product type designation**

product description

**Connecting cable 24 V, open cable end (Push Pull) / M16**

Flexible supply cable (2 x 2-wire)

SIMATIC MV400 Power Cable for MV420/440, M16 push-pull, PVC, 1 mm<sup>2</sup>, Length 2 m M16 assembled, push-pull open pin assign. H+G (only 24 V PS)

product brand name

SIMATIC RF

Technical Product Detail Page

<https://l.siemens.com/1P6GF3400-1BH20>

suitability for use

connecting cable for connecting a 24 V power supply unit to an MV400 reader

wire length

2 m

**electrical data**

number of electrical connections

1

loop resistance per length / maximum

32 mΩ/m

insulation resistance coefficient

100 GΩ·m

operating voltage / maximum

300 V

**mechanical data**

design of the shield

Braided shield made of tin-plated copper wires

number of electrical cores

4

type of electrical connection

Cut off (Push Pull Power connector included) / M16 (female, 12-pin, straight)

outer diameter

- of cable sheath

5.7 mm

design of stranding element

Four

conductor class

5

material

- of the conductor
- of the wire insulation
- of cable sheath

CU, blank

PVC

PVC

marking / of cores

Color

color

- of the insulation of data wires
- of cable sheath

International color code

Black

bending radius

- with single bend / minimum permissible
- with multiple bends / minimum permissible

85.5 mm

85.5 mm

weight per length

60 kg/km

**ambient conditions**

ambient temperature

- during operation
- during storage
- during transport
- during installation

-15 ... +80 °C

-30 ... +80 °C

-30 ... +80 °C

-15 ... +80 °C

fire behavior

Flame-resistant according to UL-LiYCY, style 2464/1061

chemical resistance

<ul style="list-style-type: none"> <li>• to mineral oil</li> </ul>	resistant
<ul style="list-style-type: none"> <li>• to grease</li> </ul>	resistant
radiological resistance / to UV radiation	resistant
<b>product features, product functions, product components / general</b>	
product feature	
<ul style="list-style-type: none"> <li>• halogen-free</li> </ul>	No
<b>standards, specifications, approvals</b>	
UL/ETL listing / 300 V Rating	Yes; Style 2464/1061

<b>security information</b>	
security information	<p>Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement - and continuously maintain - a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit <a href="http://www.siemens.com/cybersecurity-industry">www.siemens.com/cybersecurity-industry</a>. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under <a href="https://www.siemens.com/cert">https://www.siemens.com/cert</a>. (V4.7)</p>
