### SIMATIC MV440 ring light support

Support for external ring lights

MV440-MV500 ring light holder for SIMATIC VS100 ring lamps; suitable for 6GF9004-7AA01, ... - 7BA01,- 8BA01,...- 8C0, ...- 8DA1 and 6GF3400-0LT0-7BA1 and 6GF3400-0LT0-8DA1 screws are at WxHxD (mm) 175 m 225x 3.

product brand name	SIMATIC MV
Technical Product Detail Page	<a href="https://l.siemens.com/1P6GF3440-8CD01">https://l.siemens.com/1P6GF3440-8CD01</a>
suitability for use	Adapts external ring lights to the housing of the camera
suitability for operation	for MV440

### mechanical data

color	metallic
-------	----------

### design, dimensions and weights

width	96 mm
height	76 mm
depth	46 mm

### Security information

security information	<p>Siemens provides products and solutions with industrial cybersecurity functions that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement - and continuously maintain - a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit <a href="https://www.siemens.com/cybersecurity-industry">www.siemens.com/cybersecurity-industry</a>. Siemens' products and solutions undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under <a href="https://www.siemens.com/cert">https://www.siemens.com/cert</a>. (V4.7)</p>
