

698-960 MHz / 1710-2700 MHz / 3400-4200 MHz Low PIM Rated DAS
V-pol Panel Antenna, 5-8.5 dBi, Wall Mount, 2 x Type N Female Connector

HG74208FPPR-NF

Features

- Low Passive Intermodulation (PIM) <-153 dBc @ 2x20W
- Vertical Polarization
- Low return loss, stable performance
- Type N Female connector for long lasting consistent results
- Covers 5G, WiFi and LTE frequency bands including extended CBRS

Applications

- Indoor distribution of 5G, LTE, GSM/CDMA
- In-building public or private networks
- LPWAN, LoRA, LTE-M, NB-IoT, IoT, M2M applications
- MIMO DAS (Distributed Antenna Systems)
- Wall Mounts

Description

The L-com HG74208FPPR-NF is a low PIM rated, high performance wall mount panel antenna specifically designed for in-building wireless networks such as DAS (Distributed Antenna Systems). L-com's HG74208FPPR-NF has 5 to 8.5 dBi gain and can be used to distribute Cellular and WiFi signals throughout a building or area. The HG74208FPPR-NF operates from 698 to 4200 MHz which is ideal for 5G, LTE, CDMA, LPWAN/IoT/M2M applications including LoRA, LTE-M, and NB-IOT. The Multi-Band design of the L-com HG74208FPPR-NF antenna eliminates the need to purchase different antennas for each frequency. This simplifies installations since the same antenna can be used for a wide array of in-building wireless applications where wide coverage is desired.

The HG74208FPPR-NF from L-com has directional 55 to 80 degree patterns with vertical polarization and features Type N connectors. The key to providing the best performance in telecommunications is to ensure the components used are low PIM rated. This helps meet the increasing demand for higher data rates and the ability to provide streaming video for mobile devices. With a low PIM rating of <-150 dBc, the 698-4200 MHz HG74208FPPR-NF helps meet the most demanding PIM requirements for 5G and LTE/4G bands.

The Type N connectorized HG74208FPPR-NF antenna from L-com is designed specifically for in-building operation and is ideal for use in large open areas such as indoor courtyards, indoor sporting venues, convention centers and shopping malls. The included mounting bracket and hardware makes this antenna very easy to install. This 5G Cellular antenna just like our wide selection of superior quality RF parts, ship same day. Contact our knowledgeable and friendly technical support and sales staff for your answers on antennas or other L-com products.

Configuration

Design	Panel
Band Type	Wide
Radiation Pattern	Directional
Polarization	Vertical
Connector Type	N Female
Number of Ports	1
