

Prismatic Reflectors for Reflex Sensors

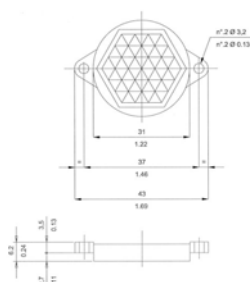

R series

Farnell Codes : 4101285 - 1315

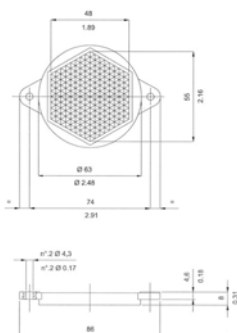

Model	Efficiency
R1	60%
R2	100%
R3	85%
R4	120%
R5	120%
R6	140%
R7	70%
R8	30%

- High efficiency models for long operating distances
- Microprism reflectors (R7/R8) for laser sensors
- Self-adhesive reflective tape
- Work with infrared and visible red emission sensors
- Suitable for reflex or polarised reflex sensors
