

# GPS&GLONASS External Passive Antenna

PID: MIKROE-5114

**GPS&GLONASS External Passive Antenna** is a 100% waterproof external antenna, which represents an excellent choice for all GPS/GNSS Click boards™ from our offer. It has wide bandwidth that supports GSM/GPRS modules. Antenna has 3m cable with SMA male connector on the end, which allows you easy positioning in space. If you are looking for a perfect external antenna for your locator device, this is the right product for you.
