

TE Internal #: L000836-10
 Flexible PCB (FPC) Antenna, Multi Band, 5G, Internal/Embedded
 Mount, Adhesive Mount, MHF4, Omnidirectional, Single Port, 3 < 6
 dBi Peak Gain

[View on TE.com >](#)

Antennas

Wireless Application: **5G**
 Mounting Location: **Internal/Embedded**
 Mounting Type: **Adhesive Mount**
 Frequency Category: **617 – 6000**
 Antenna Type: **Flexible PCB (FPC)**

Features

Product Type Features

Antenna Termination	MHF4
Antenna Product Type	Antenna

Configuration Features

Antenna Style	Flexible PCB
Mounting Location	Internal/Embedded
Antenna Type	Flexible PCB (FPC)
Band Type	Multi Band
Port Configuration	Single Port

Electrical Characteristics

Impedance	50 Ω
Antenna Operation	Passive
VSWR (Max)	<2.8:1

Signal Characteristics

Frequency Band	617 – 894 MHz, 1717 – 5000 MHz
----------------	--------------------------------

Gain (Max)	5.4 dB
------------	--------

Frequency Category	617 – 6000
--------------------	------------

Peak Gain	3 < 6 dBi
-----------	-----------

Body Features

Product Weight	1.5 g
----------------	-------

Mechanical Attachment

Polarization	Linear
--------------	--------

Mounting Type	Adhesive Mount
---------------	----------------

Dimensions

Product Width	15 mm[.591 in]
---------------	----------------

Product Length	100 mm[3.937 in]
----------------	------------------

Product Height	.15 mm[.006 in]
----------------	-----------------

Cable Length	.2 m[.656 ft]
--------------	---------------

Cable Insulation Diameter (Max)	1.13 mm[.044 in]
---------------------------------	------------------

Usage Conditions

Cable Type	Coaxial
------------	---------

Operation/Application

Wireless Standard	Cellular
-------------------	----------

Directionality	Omnidirectional
----------------	-----------------

Industry Standards

Wireless Application	5G
----------------------	----

Primary Application	5G
---------------------	----

Product Availability

Applicable Region	North America
-------------------	---------------

Packaging Features

Packaging Method	Bag & Box
------------------	-----------

Other

Precision Level	Standard
-----------------	----------

Product Compliance

[For compliance documentation, visit the product page on TE.com>](#)

EU RoHS Directive 2011/65/EU	Compliant
EU ELV Directive 2000/53/EC	Not Yet Reviewed
China RoHS 2 Directive MIIT Order No 32, 2016	No Restricted Materials Above Threshold
EU REACH Regulation (EC) No. 1907/2006	Current ECHA Candidate List: JAN 2025 (247) Candidate List Declared Against: JAN 2024 (240) Does not contain REACH SVHC
Halogen Content	Low Bromine/Chlorine - Br and Cl < 900 ppm per homogenous material. Also BFR /CFR/PVC Free
Solder Process Capability	Not reviewed for solder process capability

Product Compliance Disclaimer

This information is provided based on reasonable inquiry of our suppliers and represents our current actual knowledge based on the information they provided. This information is subject to change. The part numbers that TE has identified as EU RoHS compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, mercury, PBB, PBDE, DBP, BBP, DEHP, DIBP, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2011/65/EU (RoHS2). Finished electrical and electronic equipment products will be CE marked as required by Directive 2011/65/EU. Components may not be CE marked. Additionally, the part numbers that TE has identified as EU ELV compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, and mercury, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2000/53/EC (ELV). Regarding the REACH Regulations, TE's information on SVHC in articles for this part number is still based on the European Chemical Agency (ECHA) 'Guidance on requirements for substances in articles' (Version: 2, April 2011), applying the 0.1% weight on weight concentration threshold at the finished product level. TE is aware of the European Court of Justice ruling of September 10th, 2015 also known as O5A (Once An Article Always An Article) stating that, in case of 'complex object', the threshold for a SVHC must be applied to both the product as a whole and simultaneously to each of the articles forming part of its composition. TE has evaluated this ruling based on the new ECHA "Guidance on requirements for substances in articles" (June 2017, version 4.0) and will be updating its statements accordingly.
