

22-Jan-2026

PCN #: PCN-26-268914

Subject : DIN-RAIL Terminal Blocks MOQ Update (Only Affecting Americas Costumers)

Description of Change : To improve lead times, fill rates, and order accuracy, TE Connectivity (TE) will implement a phased increase in Minimum Order Quantities (MoQ) for the DinRail Terminal Block product family in the Americas region, beginning 20FEB2026.

Should your organization need to procure lower MoQs, TE is pleased to announce a strategic master distribution partnership with OmniCable. This collaboration enhances our supply chain efficiency and customer service capabilities throughout the Americas. Further communication will be provided by OmniCable, but if you have any urgent needs, please reach out to your local OmniCable office by calling 1-800-292-OMNI.

Reason for Change: The MoQ adjustments will roll out in several stages over the next nine months to ensure a seamless transition. The Part Numbers within this PCN are the first phase. Subsequent changes and effective dates will be communicated accordingly.

This transition aligns order volumes with packaging standards, reducing broken packages, and warehouse handling, resulting in faster, more reliable delivery and improved accuracy.

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.

Alert document created by Accuris based on content provided by TE Connectivity.
