

COLDCUBE™

CP464 SERIES

PELTIER DEVICE COOLERS

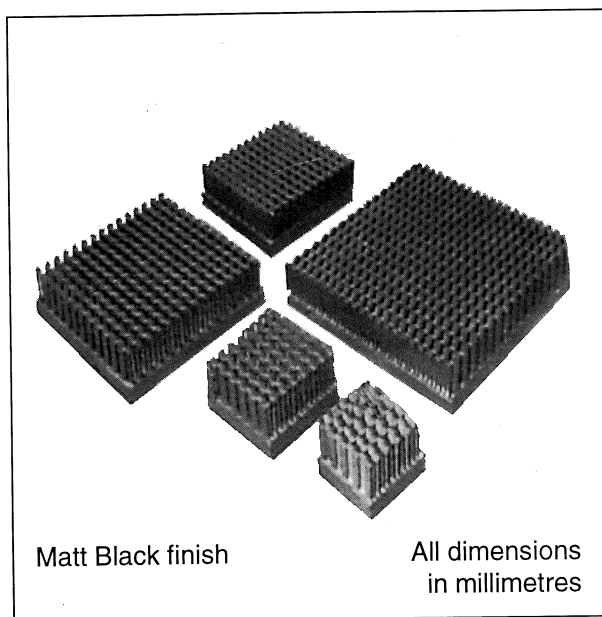

LOW VOLUME

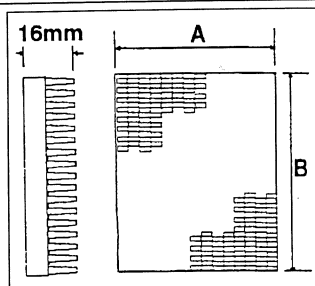

LOW WEIGHT

HIGH EFFICIENCY

- High performance lightweight corrugated technology.
- Sizes available to suit most devices.
- The base is machined for flatness to ensure optimum surface contact and efficiency.
- Self adhesive fan gaskets are available on request

- Base can be drilled and tapped to customer specification or device can be attached by double sided thermal tape.
- Fans are normally supplied separately.
- Custom design service is available for non standard applications.

Part Number	dim'n A	dim'n B	Thermal Resistance	Fan Size
CP464-030-030-04-S-2	30.0	30.0	2.0° C/Watt	25mm Square
CP464-045-045-04-S-2	45.0	45.0	1.6° C/Watt	40mm Square
CP464-060-060-04-S-2	60.0	60.0	0.7° C/Watt	60mm Square
CP464-080-080-04-S-2	80.0	80.0	0.4° C/Watt	80mm Square
CP464-100-100-04-S-2	100.0	100.0	0.3° C/Watt	80mm Square

Self adhesive foam gaskets are available for attaching fans to the heatsinks. Prices available on request.
