

## FLU Series

### Description

The Littelfuse FLU series is designed specifically for the protection of multimeters. The 1000 VAC/VDC rating also makes the FLU ideal for a variety of other applications.

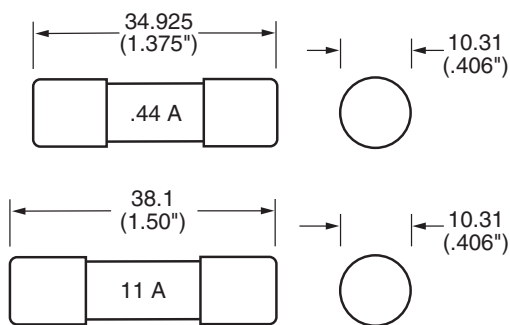

### Electrical Specifications by Item

| Ordering Number | Amp Rating (A) | Max Voltage Rating (V) | Interrupting Rating | Agency Approvals                                                                    |                                                                                     |
